INTRODUCTION

This document is a description of Durham Technical Community College Dental Benefits Plan (the Plan). No oral interpretations can change this Plan. The Plan described is designed to protect Plan Participants against certain other expenses.

The Employer fully intends to maintain this Plan indefinitely. However, it reserves the right to terminate, suspend, discontinue or amend the Plan at any time and for any reason.

Changes in the Plan may occur in any or all parts of the Plan including benefit coverage, deductibles, maximums, exclusions, limitations, definitions, eligibility and the like.

To the extent that an item or service is a covered benefit under the Plan, the terms of the Plan shall be applied in a manner that does not discriminate against a health care provider who is acting within the scope of the provider's license or other required credentials under applicable State law. This provision does not preclude the Plan from setting limits on benefits, including cost sharing provisions, frequency limits, or restrictions on the methods or settings in which treatments are provided and does not require the Plan to accept all types of providers as a Provider.

Failure to follow the eligibility or enrollment requirements of this Plan may result in delay of coverage or no coverage at all. Reimbursement from the Plan can be reduced or denied because of certain provisions in the Plan, such as coordination of benefits, subrogation, exclusions, timeliness of COBRA elections, utilization review or other cost management requirements, lack of Medical Necessity, lack of timely filing of claims or lack of coverage. These provisions are explained in summary fashion in this document; additional information is available from the Plan Administrator at no extra cost.

The Plan will pay benefits only for the expenses incurred while this coverage is in force. No benefits are payable for expenses incurred before coverage began or after coverage terminated. An expense for a service or supply is incurred on the date the service or supply is furnished.

Dental care has become an increasingly common and expensive medical cost in recent years. Yet, dental health can be maintained easily through regular, routine care. Therefore, in addition to reimbursement for much of the cost of major procedures, the Plan encourages preventive and restorative dental care in order to avoid future, more costly major dental expenses.

If the Plan is terminated, amended, or benefits are eliminated, the rights of Covered Persons are limited to Covered Charges incurred before termination, amendment or elimination.

This document summarizes the Plan rights and benefits for covered Employees and their Dependents and is divided into the following parts:

Eligibility, Funding, Effective Date and Termination. Explains eligibility for coverage under the Plan, funding of the Plan and when the coverage takes effect and terminates.

Schedule of Benefits. Provides an outline of the Plan reimbursement formulas as well as payment limits on certain services.

Benefit Descriptions. Explains when the benefit applies and the types of charges covered.

Defined Terms. Defines those Plan terms that have a specific meaning.

Claim Provisions. Explains the rules for filing claims and the claim appeal process.

Coordination of Benefits. Shows the Plan payment order when a person is covered under more than one plan.

Third Party Recovery Provision. Explains the Plan's rights to recover payment of charges when a Covered Person has a claim against another person because of injuries sustained.

Continuation Coverage Rights Under COBRA. Explains when a person's coverage under the Plan ceases and the continuation options which are available.

ELIGIBILITY, FUNDING, EFFECTIVE DATE AND TERMINATION PROVISIONS

A Plan Participant should contact the Plan Administrator to obtain additional information, free of charge, about Plan coverage of a specific benefit, particular drug, treatment, test or any other aspect of Plan benefits or requirements.

ELIGIBILITY

Eligible Classes of Employees. All Active Employees, who qualify under one of the classes below.

Regular Full-Time Employees: Employees designated by the Employer as Regular Full-Time Employees who are scheduled to work at least 30 hours per week. Coverage for Regular Full-Time Employees becomes effective the first day of the calendar month following the issuance of the Employee's first paycheck.

Eligible Classes of Dependents. A Dependent is any one of the following persons:

- (1) A covered Employee's Spouse.

The term "Spouse" shall mean the person with whom covered Employee has established a valid marriage under applicable State law but does not include common law marriages. The term "Spouse" shall include an individual of the same sex as the covered employee, if they were legally married under the laws of a State or other foreign or domestic jurisdiction. The Plan Administrator may require documentation proving a legal marital relationship.

The term "Spouse" shall also mean the person who is the Domestic Partner of the Employee.

To obtain more detailed information or to apply for this benefit, the Employee must contact the Plan Administrator, Durham Technical Community College, 1637 E. Lawson Street, Durham, North Carolina, 27703, (919) 536-7200.

In the event the domestic partnership is terminated, either partner is required to inform Durham Technical Community College of the termination of the partnership.

The Plan Administrator may require documentation proving a legal marital and/or Domestic Partner relationship.

- (2) A covered Employee's Child(ren), for dental coverage.

An Employee's "Child" includes his natural child, adopted child, or a child placed with the Employee for adoption, stepchild, Foster child and children for whom the Employee is a Legal Guardian. An Employee's child will also include children, adopted children and children placed for adoption with the Employee's Domestic Partner, stepchildren of the Employee's Domestic Partner, foster children of the Employee's Domestic Partner.

To be eligible for Dependent coverage under the Plan, Child must be under the limiting age of 26 years. Coverage will end on the last day of the month in which the Dependent ceases to meet the applicable eligibility requirements.

The phrase "placed for adoption" refers to a child whom a person intends to adopt, whether or not the adoption has become final, who has not attained the age of 18 as of the date of such placement for adoption. The term "placed" means the assumption and retention by such person of a legal obligation for total or partial support of the child in anticipation of adoption of the child. The child must be available for adoption and the legal process must have commenced.

Any child of a Plan Participant who is an alternate recipient under a qualified medical child support order shall be considered as having a right to Dependent coverage under this Plan. A participant of

this Plan may obtain, without charge, a copy of the procedures governing qualified medical child support order (QMCSO) determinations from the Plan Administrator.

The Plan Administrator may require documentation proving eligibility for Dependent coverage, including birth certificates, tax records or initiation of legal proceedings severing parental rights.

- (3) A covered Dependent Child who reaches the limiting age and is Totally Disabled, incapable of self-sustaining employment by reason of mental or physical handicap, primarily dependent upon the covered Employee for support and maintenance and unmarried. The Plan Administrator may require, at reasonable intervals, continuing proof of the Total Disability and dependency.

The Plan Administrator reserves the right to have such Dependent examined by a Physician of the Plan Administrator's choice, at the Plan's expense, to determine the existence of such incapacity.

These persons are excluded as Dependents: other individuals living in the covered Employee's home, but who are not eligible as defined; the legally separated or divorced former Spouse of the Employee; any Spouse who is on active duty in any military service of any country; any former Domestic Partner of the Employee; or any person who is covered under the Plan as an Employee.

If a person covered under this Plan changes status from Employee to Dependent or Dependent to Employee, and the person is covered continuously under this Plan before, during and after the change in status, credit will be given for all amounts applied to maximums.

If both parents are Employees, their eligible Dependent will be covered as the Dependent of one or the other, but not of both.

Eligibility Requirements for Dependent Coverage. A family member of an Employee will become eligible for Dependent coverage on the first day that the Employee is eligible for Employee coverage and the family member satisfies the requirements for Dependent coverage.

At any time, the Plan may require proof that a Spouse, Domestic Partner or a Child qualifies or continues to qualify as a Dependent as defined by this Plan.

Employee Obligation to Notify Employer. It is the Employee's obligation to notify the Plan Administrator of changes in circumstances that affect the eligibility of a Dependent. The Employee must notify the Plan Administrator within 31 days if a Dependent no longer meets the definition of an eligible Dependent. Failure to provide timely notice may constitute a material misrepresentation.

FUNDING

Cost of the Plan. Durham Technical Community College shares the cost of Employee and Dependent coverage under this Plan with the covered Employees. The enrollment application for coverage will include a payroll deduction authorization. This authorization must be completed in a manner set forth by the Plan Administrator.

The level of any Employee contributions is set by the Plan Sponsor. The Plan Sponsor reserves the right to change the level of Employee contributions.

ENROLLMENT

Enrollment Requirements. An Employee must enroll for coverage in a manner set forth by the Plan Administrator.

The covered Employee is required to enroll each Dependent for coverage also

TIMELY OR LATE ENROLLMENT

- (1) **Timely Enrollment** - The enrollment will be "timely" if the completed form is received by the Plan Administrator no later than 30 days after the person becomes eligible for the coverage.

If two Employees who are covered under the Plan are the parents of children who are covered under the Plan, and the Employee who is covering the Dependent children terminates coverage, the Dependent coverage may be continued by the other covered Employee with no Waiting Period as long as coverage has been continuous.

- (2) **Late Enrollment** - An enrollment is "late" if it is not made on a "timely basis".

Coverage begins on January 1.

A Plan Participant who enrolls as a Timely Enrollment and maintains continuous coverage for 24 months, terminates coverage under a Special Enrollment Period and then enrolls at a future open enrollment, will not be subject to the Late Enrollee waiting period as long as there isn't a break in service to the employer.

SPECIAL ENROLLMENT RIGHTS

Federal law provides Special Enrollment provisions under some circumstances. If an Employee is declining enrollment for himself or herself or his or her dependents (including his or her spouse) because of other health insurance or group health plan coverage, there may be a right to enroll in this Plan if there is a loss of eligibility for that other coverage (or if the employer stops contributing towards the other coverage). However, a request for enrollment must be made within 31 days after the coverage ends (or after the employer stops contributing towards the other coverage).

In addition, in the case of a birth, marriage, adoption or placement for adoption, there may be a right to enroll in this Plan. However, a request for enrollment must be made within 31 days of the birth, marriage, adoption or placement for adoption.

The Special Enrollment rules are described in more detail below. To request Special Enrollment or obtain more detailed information of these portability provisions, contact the Plan Administrator.

SPECIAL ENROLLMENT PERIODS

The events described below may create a right to enroll in the Plan under a Special Enrollment Period. The Enrollment Date for anyone who enrolls under a Special Enrollment Period is the first date of coverage. Thus, the time between the date a special enrollee first becomes eligible for enrollment under the Plan and the first day of coverage is not treated as a Waiting Period.

(1) Losing other coverage may create a Special Enrollment right. An Employee or Dependent who is eligible, but not enrolled in this Plan, may enroll if the individual loses eligibility for other coverage and loss of eligibility for coverage meets all of the following conditions:

(a) The Employee or Dependent was covered under a group health plan or had health insurance coverage at the time coverage under this Plan was previously offered to the individual.

(b) If required by the Plan Administrator, the Employee stated in writing at the time that coverage was offered that the other health coverage was the reason for declining enrollment.

(c) Either (i) the other coverage was COBRA coverage and the COBRA coverage was exhausted, or (ii) the other coverage was not COBRA coverage, and the coverage was terminated as a result of loss of eligibility for the coverage or because employer contributions towards the coverage were terminated. Coverage will begin no later than the first day of the first calendar month following the date the completed enrollment form is received.

(d) The Employee or Dependent requests enrollment in this Plan not later than 30 days after the date of exhaustion of COBRA coverage or the termination of non-COBRA coverage due to loss of eligibility or termination of employer contributions, described above. Coverage will begin no later than the first day of the first calendar month following the date the completed enrollment form is received.

(2) For purposes of these rules, a loss of eligibility occurs if one of the following occurs:

(a) The Employee or Dependent has a loss of eligibility due to the plan no longer offering any benefits to a class of similarly situated individuals (for example: part-time employees).

(b) The Employee or Dependent has a loss of eligibility as a result of legal separation, divorce, cessation of dependent status (such as attaining the maximum age to be eligible as a dependent child under the plan), death, termination of employment, or reduction in the number of hours of employment or contributions towards the coverage were terminated.

(c) The Employee or Dependent has a loss of eligibility when coverage is offered through an HMO, or other arrangement, in the individual market that does not provide benefits to individuals who no longer reside, live or work in a service area, (whether or not within the choice of the individual).

(d) The Employee or Dependent has a loss of eligibility when coverage is offered through an HMO, or other arrangement, in the group market that does not provide benefits to individuals who no longer reside, live or work in a service area, (whether or not within the choice of the individual), and no other benefit package is available to the individual.

If the Employee or Dependent lost the other coverage as a result of the individual's failure to pay premiums or required contributions or for cause (such as making a fraudulent claim or an intentional misrepresentation of a material fact in connection with the plan), that individual does not have a Special Enrollment right.

(3) Dependent beneficiaries. If:

(a) The Employee is a participant under this Plan (or has met the Waiting Period applicable to becoming a participant under this Plan and is eligible to be enrolled under this Plan but for a failure to enroll during a previous enrollment), and

(b) A person becomes a Dependent of the Employee through marriage, birth, adoption or placement for adoption,

then the Dependent (and if not otherwise enrolled, the Employee) may be enrolled under this Plan. In the case of the birth or adoption of a child, the Spouse of the covered Employee may be enrolled as a Dependent of the covered Employee if the Spouse is otherwise eligible for coverage. If the Employee is not enrolled at the time of the event, the Employee must enroll under this Special Enrollment Period in order for his eligible Dependents to enroll.

The Dependent Special Enrollment Period is a period of 30 days and begins on the date of the marriage, birth, adoption or placement for adoption. To be eligible for this Special Enrollment, the Dependent and/or Employee must request enrollment during this 30-day period.

The coverage of the Dependent and/or Employee enrolled in the Special Enrollment Period will be effective:

(a) in the case of marriage, the first day of the first month beginning after the date of the completed request for enrollment is received,

(b) in the case of a Dependent's birth, as of the date of birth; or

(c) in the case of a Dependent's adoption or placement for adoption, the date of the adoption or placement for adoption.

(4) Eligibility changes in Medicaid or State Child Health Insurance Programs may create a Special Enrollment right. An Employee or Dependent who is eligible, but not enrolled in this Plan, may enroll if:

(a) The Employee or Dependent is covered under a Medicaid plan under Title XIX of the Social Security Act or a State child health plan (CHIP) under Title XXI of such Act, and coverage of the Employee or Dependent is terminated due to loss of eligibility for such coverage, and the Employee or Dependent requests enrollment in this Plan within 60 days after such Medicaid or CHIP coverage is terminated.

(b) The Employee or Dependent becomes eligible for assistance with payment of Employee contributions to this Plan through a Medicaid or CHIP plan (including any waiver or demonstration project conducted with respect to such plan), and the Employee or Dependent requests enrollment in this Plan within 60 days after the date the Employee or Dependent is determined to be eligible for such assistance.

If a Dependent becomes eligible to enroll under this provision and the Employee is not then enrolled, the Employee must enroll in order for the Dependent to enroll. Coverage will become effective as of the first day of the first calendar month following the date the completed enrollment form is received unless an earlier date is established by the Employer or by regulation

EFFECTIVE DATE

Active Employee Requirement.

An Employee must be an Active Employee (as defined by this Plan) for this coverage to take effect.

Effective Date of Dependent Coverage. A Dependent's coverage will take effect on the day that the Eligibility Requirements are met; the Employee is covered under the Plan; and all Enrollment Requirements are met.

TERMINATION OF COVERAGE

The Employer or Plan has the right to rescind any coverage of the Employee and/or Dependents for cause, making a fraudulent claim or an intentional material misrepresentation in applying for or obtaining coverage, or obtaining benefits under the Plan. The Employer or Plan may either void coverage for the Employee and/or covered Dependents for the period of time coverage was in effect, may terminate coverage as of a date to be determined at the Plan's discretion, or may immediately terminate coverage. The Employer will refund all contributions paid for any coverage rescinded; however, claims paid will be offset from this amount. The Employer reserves the right to collect additional monies if claims are paid in excess of the Employee's and/or Dependent's paid contributions.

When Employee Coverage Terminates. Employee coverage will terminate on the earliest of these dates (except in certain circumstances, a covered Employee may be eligible for COBRA continuation coverage. For a complete explanation of when COBRA continuation coverage is available, what conditions apply and how to select it, see the section entitled Continuation Coverage Rights under COBRA):

- (1) The date the Plan is terminated.
- (2) The last day of the calendar month in which the covered Employee ceases to be in one of the Eligible Classes. This includes death or termination of Active Employment of the covered Employee. (See the section entitled Continuation Coverage Rights under COBRA.) It also includes an Employee on disability, leave of absence or other leave of absence, unless the Plan specifically provides for continuation during these periods.
- (3) The end of the period for which the required contribution has been paid if the charge for the next period is not paid when due.
- (4) If an Employee commits fraud, makes an intentional misrepresentation of material fact in applying for or obtaining coverage, or obtaining benefits under the Plan, or fails to notify the Plan Administrator that he or she has become ineligible for coverage, then the Employer or Plan may either void coverage for the Employee and covered Dependents for the period of time coverage was in effect, may terminate coverage as of a date to be determined at the Plan's discretion, or may immediately terminate coverage.
- (5) The date a covered Employee requests termination of coverage that is on account of and corresponds with a change made under the plan of a Spouse if 1) the benefit plan of the Spouse permits participants to make a change; or 2) the plan of the Spouse permits participants to make an election for a period of coverage that is different from the period of coverage under the plan of the covered Employee.

Continuation During Periods of Employer-Certified Disability, Leave of Absence or Layoff. A person may remain eligible for a limited time if Active, full-time work ceases due to disability, leave of absence or layoff. This continuance will end as follows:

For disability leave only: the date the Employer ends the continuance.

For leave of absence or layoff only: the date the Employer ends the continuance.

While continued, coverage will be that which was in force on the last day worked as an Active Employee. However, if benefits reduce for others in the class, they will also reduce for the continued person.

Continuation During Family and Medical Leave. Regardless of the established leave policies mentioned above, this Plan shall at all times comply with the Family and Medical Leave Act, as amended, and as promulgated in regulations issued by the Department of Labor.

During any leave taken under the Family and Medical Leave Act, the Employer will maintain coverage under this Plan on the same conditions as coverage would have been provided if the covered Employee had been continuously employed during the entire leave period.

If Plan coverage terminates during the FMLA leave, coverage will be reinstated for the Employee and his or her covered Dependents if the Employee returns to work in accordance with the terms of the FMLA leave. Coverage will be reinstated only if the person(s) had coverage under this Plan when the FMLA leave started, and will be reinstated to the same extent that it was in force when that coverage terminated. For example, Waiting Periods will not be imposed unless they were in effect for the Employee and/or his or her Dependents when Plan coverage terminated.

Rehiring a Terminated Employee. A terminated Employee who is rehired will be treated as a new hire and be required to satisfy all Eligibility and Enrollment requirements to the extent permitted by the terms of the Plan and applicable law.

Employees on Military Leave. Employees going into or returning from military service may elect to continue Plan coverage as mandated by the Uniformed Services Employment and Reemployment Rights Act (USERRA) under the following circumstances. These rights apply only to Employees and their Dependents covered under the Plan immediately before leaving for military service.

- (1) The maximum period of coverage of a person and the person's covered Dependents under such an election shall be the lesser of:
 - (a) The 24 month period beginning on the date on which the person's absence begins; or
 - (b) The day after the date on which the person was required to apply for or return to a position of employment and fails to do so.
- (2) A person who elects to continue health plan coverage must pay up to 102% of the full contribution under the Plan, except a person on active duty for 30 days or less cannot be required to pay more than the Employee's share, if any, for the coverage.
- (3) An exclusion or Waiting Period may not be imposed in connection with the reinstatement of coverage upon reemployment if one would not have been imposed had coverage not been terminated because of service. However, an exclusion or Waiting Period may be imposed for coverage of any Illness or Injury determined by the Secretary of Veterans Affairs to have been incurred in, or aggravated during, the performance of uniformed service.

If the Employee wishes to elect this coverage or obtain more detailed information, contact the Plan Administrator Durham Technical Community College, 1637 E. Lawson Street, Durham, North Carolina, 27703, (919) 536-7200. The Employee may also have continuation rights under USERRA. In general, the Employee must meet the same requirements for electing USERRA coverage as are required under COBRA continuation coverage requirements. Coverage elected under these circumstances is concurrent, not cumulative. The Employee may elect USERRA continuation coverage for the Employee and their Dependents. Only the

Employee has election rights. Dependents do not have any independent right to elect USERRA health plan continuation.

When Dependent Coverage Terminates. A Dependent's coverage will terminate on the earliest of these dates (except in certain circumstances, a covered Dependent may be eligible for COBRA continuation coverage. For a complete explanation of when COBRA continuation coverage is available, what conditions apply and how to select it, see the section entitled Continuation Coverage Rights under COBRA):

- (1) The date the Plan or Dependent coverage under the Plan is terminated.
- (2) The date that the Employee's coverage under the Plan terminates for any reason including death. (See the section entitled Continuation Coverage Rights under COBRA.)
- (3) The date a covered Spouse loses coverage due to loss of eligibility status. (See the section entitled Continuation Coverage Rights under COBRA.)
- (4) The date a Child ceases to meet the applicable eligibility requirements. (See the section entitled Continuation Coverage Rights under COBRA.)
- (5) The end of the period for which the required contribution has been paid if the charge for the next period is not paid when due.
- (6) If a Dependent commits fraud or makes an intentional misrepresentation of material fact in applying for or obtaining coverage, or obtaining benefits under the Plan, or fails to notify the Plan Administrator that he or she has become ineligible for coverage, then the Employer or Plan may either void coverage for the Dependent for the period of time coverage was in effect, may terminate coverage as of a date to be determined at the Plan's discretion, or may immediately terminate coverage.
- (7) The date a covered Employee requests termination of coverage that is on account of and corresponds with a change made under the plan of a Spouse if 1) the benefit plan of the Spouse permits participants to make a change; or 2) the plan of the Spouse permits participants to make an election for a period of coverage that is different from the period of coverage under the plan of the covered Employee.

The Plan Administrator must make an independent evaluation of the experimental/nonexperimental standings of specific technologies. The Plan Administrator shall be guided by a reasonable interpretation of Plan provisions. The decisions shall be made in good faith and rendered following a detailed factual background investigation of the claim and the proposed treatment. The decision of the Plan Administrator will be final and binding on the Plan. The Plan Administrator will be guided by the following principles:

- (1) if the drug or device cannot be lawfully marketed without approval of the U.S. Food and Drug Administration and approval for marketing has not been given at the time the drug or device is furnished; or
- (2) if the drug, device, medical treatment or procedure, or the patient informed consent document utilized with the drug, device, treatment or procedure, was reviewed and approved by the treating facility's Institutional Review Board or other body serving a similar function, or if federal law requires such review or approval; or
- (3) if Reliable Evidence shows that the drug, device, medical treatment or procedure is the subject of on-going phase I or phase II clinical trials, is the research, experimental, study or Investigational arm of on-going phase III clinical trials, or is otherwise under study to determine its maximum tolerated dose, its toxicity, its safety, its efficacy or its efficacy as compared with a standard means of treatment or diagnosis; or

- (4) if Reliable Evidence shows that the prevailing opinion among experts regarding the drug, device, medical treatment or procedure is that further studies or clinical trials are necessary to determine its maximum tolerated dose, its toxicity, its safety, its efficacy or its efficacy as compared with a standard means of treatment or diagnosis.

Reliable Evidence shall mean only published reports and articles in the authoritative medical and scientific literature; the written protocol or protocols used by the treating facility or the protocol(s) of another facility studying substantially the same drug, service, medical treatment or procedure; or the written informed consent used by the treating facility or by another facility studying substantially the same drug, device, medical treatment or procedure.

All of these criteria must be met; merely because a Physician recommends or approves certain care does not mean that it is Medically Necessary.

The Plan Administrator has the discretionary authority to decide whether care or treatment is Medically Necessary.

No-Fault Auto Insurance is the basic reparations provision of a law providing for payments without determining fault in connection with automobile accidents.

This test will consider the nature and severity of the condition being treated. It will also consider medical complications or unusual circumstances that require more time, skill or experience.

The Plan will pay benefits on the basis of the actual charge billed if it is less than the Usual and Reasonable Charge.

The Plan Administrator has the discretionary authority to decide whether a charge is Usual and Reasonable.

DENTAL BENEFITS

This benefit applies when covered dental charges are incurred by a person while covered under this Plan.

The Maximum dental benefit amount is shown in the Schedule of Benefits.

DENTAL CHARGES

Dental charges are the Usual and Reasonable Charges made by a Dentist or other Physician for necessary care, appliances or other dental material listed as a covered dental service.

A dental charge is incurred on the date the service or supply for which it is made is performed or furnished. However, there are times when one overall charge is made for all or part of a course of treatment. In this case, the Claims Administrator will apportion that overall charge to each of the separate visits or treatments. The pro rata charge will be considered to be incurred as each visit or treatment is completed.

PREDETERMINATION OF BENEFITS

Before starting a dental treatment for which the charge is expected to be \$300 or more, a predetermination of benefits form may be submitted.

A regular dental claim form is used for the predetermination of benefits. The covered Employee fills out the Employee section of the form and then gives the form to the Dentist.

The Dentist must itemize all recommended services and costs and attach all supporting x-rays to the form.

The Dentist should send the form to the Claims Administrator at this address:

Interactive Medical Systems, Inc.
PO Box 1349
Wake Forest, North Carolina 27588
(919) 877-9933

The Claims Administrator will notify the Dentist of the benefits payable under the Plan. The Covered Person and the Dentist can then decide on the course of treatment, knowing in advance how much the Plan will pay.

If a description of the procedures to be performed, x-rays and an estimate of the Dentist's fees are not submitted in advance, the Plan reserves the right to make a determination of benefits payable taking into account alternative procedures, services or courses of treatment, based on accepted standards of dental practice. If verification of necessity of dental services cannot reasonably be made, the benefits may be for a lesser amount than would otherwise have been payable.

ALTERNATE TREATMENT

Many dental conditions can be treated in more than one way. This Plan has an "alternate treatment" clause which governs the amount of benefits the Plan will pay for treatments covered under the Plan. If a patient chooses a more expensive treatment than is needed to correct a dental problem according to accepted standards of dental practice, the benefit payment will be based on the cost of the treatment which provides professionally satisfactory results at the most cost-effective level.

For example, if a regular amalgam filling is sufficient to restore a tooth to health, and the patient and the Dentist decide to use a gold filling, the Plan will base its reimbursement on the Usual and Reasonable Charge for an amalgam filling. The patient will pay the difference in cost. Alternate treatment clause does not apply to fillings or implants.

WHEN CLAIMS SHOULD BE FILED

Claims should be filed with the Claims Administrator within 180 days of the date charges for the service were incurred. Benefits are based on the Plan's provisions at the time the charges were incurred. Claims filed later than that date may be declined or reduced unless:

- (a) it's not reasonably possible to submit the claim in that time; and
- (b) the claim is submitted within one year from the date incurred. This one year period will not apply when the person is not legally capable of submitting the claim.

The Claims Administrator will determine if enough information has been submitted to enable proper consideration of the claim. If not, more information may be requested from the claimant. The Plan reserves the right to have a Plan Participant seek a second medical opinion.

CLAIMS PROCEDURE

Following is a description of how the Plan processes claims for benefits and reviews the appeal of any claim that is denied. The terms used in this section are defined below.

A "Claim" is defined as any request for a Plan benefit, made by a claimant or by a representative of a claimant, which complies with the Plan's reasonable procedure for submitting claims and making benefit claims determinations.

A "Claim" does not include a request for a determination of an individual's eligibility to participate in the Plan.

If a Claim is denied, in whole or in part, or if Plan coverage is rescinded retroactively for fraud or misrepresentation, the denial is known as an "Adverse Benefit Determination."

A claimant has the right to request a review of an Adverse Benefit Determination. This request is an "Appeal." If the Claim is denied at the end of the Plan's internal Appeal process, as described below, the Plan's final decision is known as a "Final Adverse Benefit Determination." For certain types of Claims, the claimant has the right to request an independent external review of the Final Adverse Benefit Determination. The External Review procedures are described below.

The Claims and the Appeal procedures are designed to ensure that claimants are not unduly inhibited from making Claims; that claimants may appoint an authorized representative in accordance with Plan rules; that determinations will be made in accordance with the Plan documents and that Plan provisions are applied consistently. This means, among other things, that Claims and Appeals will be decided in a manner designed to ensure the independence and impartiality of the persons involved in making these decisions.

A claimant must follow all Claims and Appeal procedures both internal and external, before he or she can file a lawsuit. However, this rule may not apply if the Plan Administrator has not complied with the procedures described in this Section. If a lawsuit is brought, it must be filed within two years after the final determination of an Appeal.

The Plan may offer additional voluntary appeal and/or mandatory arbitration procedures other than those described here. If applicable, the Plan will not assert that a claimant has failed to exhaust administrative remedies for failure to use the voluntary procedures; any statute of limitations or other defense based on timeliness is tolled during the time a voluntary appeal is pending; and the voluntary process is available only after exhaustion of the appeals process described in this section. If mandatory arbitration is offered by the Plan, the arbitration must be conducted instead of the appeal process described in this section, and the claimant is not precluded from challenging the decision under ERISA section 501(a) or other applicable law.

Any of the authority and responsibilities of the Plan Administrator under the Claims and Appeal Procedures or the External Review Process, including the discretionary authority to interpret the terms of the Plan, may be delegated to a third party. If you have any questions regarding these procedures, please contact the Plan Administrator.

There are different kinds of Claims and each one has a specific timetable for each step in the review process. Upon receipt of the Claim, the Plan Administrator must decide whether to approve or deny the Claim. The Plan Administrator's notification to the claimant of its decision must be made as soon as practical and not later than the time shown in the timetable. However, if the Claim has not been filed properly, or if it is incomplete, or if there are other matters beyond the control of the Plan Administrator, the claimant may be notified that the period for providing the notification will need to be extended. If the period is extended because the Plan Administrator needs more information from the claimant, the claimant must provide the requested information within the time shown on the timetable. Once the Claim is complete, the Plan Administrator must make its decision as shown in the timetable. If the Claim is denied, in whole or in part, the claimant has the right to file an Appeal. Then the Plan Administrator must decide the Appeal and, if the Appeal is denied, provide notice to the claimant within the time periods shown on the timetable. The time periods shown in the timetable begin at the time the Claim or Appeal is filed in accordance with the Plan's procedures. Decisions will be made within a reasonable period of time appropriate to the circumstances, but within the maximum time periods listed in the timetables below. Unless otherwise noted, "days" means calendar days.

The definitions of the types of Claims are:

Urgent Care Claim

A Claim involving Urgent Care is any Claim for medical care or treatment where the Plan conditions receipt of benefits, in whole or in part, on approval in advance of obtaining the care or treatment, and using the timetable for a non-urgent care determination could seriously jeopardize the life or health of the claimant; or the ability of the claimant to regain maximum function; or in the opinion of the attending or consulting Physician, would subject the claimant to severe pain that could not be adequately managed without the care or treatment that is the subject of the Claim. The Urgent Care Claim rules do not apply to claims involving urgent care where Plan benefits are not conditioned on prior approval. These claims are subject to the rules on Post-Service Claims described below.

A Physician with knowledge of the claimant's medical condition may determine if a Claim is one involving Urgent Care. The Claims Administrator will defer to the attending provider's determination that the Claim involves Urgent Care. If there is no such Physician, an individual acting on behalf of the Plan applying the judgment of a prudent layperson who possesses an average knowledge of health and medicine may make the determination.

In the case of a Claim involving Urgent Care, responses must be made as soon as possible consistent with the medical urgency involved, and no later than the following times:

Notification to claimant of Claim determination	72 hours
Insufficient information on the Claim, or failure to follow the Plan's procedure for filing a Claim:	
Notification to claimant, orally or in writing	24 hours
Response by claimant, orally or in writing	48 hours
Benefit determination, orally or in writing	48 hours
Notification of Adverse Benefit Determination on Appeal	72 hours

If there is an Adverse Benefit Determination on a Claim involving Urgent Care, a request for an expedited Appeal may be submitted orally or in writing by the claimant. All necessary information, including the Plan's benefit determination on review, may be transmitted between the Plan and the claimant by telephone, facsimile, or other similarly expeditious method. Alternatively, the claimant may request an expedited review under the External Review Process.

Concurrent Care Claims

A Concurrent Care Claim is a special type of Claim that arises if the Plan informs a claimant that benefits for a course of treatment that has been previously approved for a period of time or number of treatments is to be reduced or eliminated. In that case, the Plan must notify the claimant sufficiently in advance of the effective date of the reduction or elimination of treatment to allow the claimant to file an Appeal. This rule does not apply if benefits are reduced or eliminated due to Plan amendment or termination. A similar process applies for Claims based on a rescission of coverage for fraud or misrepresentation.

In the case of a Concurrent Care Claim, the following timetable applies:

Notification to claimant of benefit reduction	Sufficiently prior to scheduled termination of course of treatment to allow claimant to appeal
Notification to claimant of rescission	30 days
Notification of determination on Appeal of Claims involving Urgent Care	24 hours (provided claimant files Appeal more than 24 hours prior to scheduled termination of course of treatment)
Notification of Adverse Benefit Determination on Appeal for non-Urgent Claims	As soon as feasible, but not more than 30 days

Post-Service Claim

A Post-Service Claim means any Claim for a Plan benefit that is not an Urgent Care Claim; in other words, a Claim that is a request for payment under the Plan for medical services already received by the claimant.

In the case of a Post-Service Claim, the following timetable applies:

Notification to claimant of Adverse Benefit Determination	30 days
Extension due to matters beyond the control of the Plan	15 days
Extension due to insufficient information on the Claim	15 days
Response by claimant following notice of insufficient information	45 days
Notification of Adverse Benefit Determination on Appeal	30 days per benefit appeal

Notice to claimant of Adverse Benefit Determinations

If a Claim is denied in whole or in part, the denial is considered to be an Adverse Benefit Determination. Except with Urgent Care Claims, when the notification may be oral followed by written or electronic notification within three days of the oral notification, the Plan Administrator shall provide written or electronic notification of the Adverse Benefit Determination. The notice will state in a culturally and linguistically appropriate manner and in a manner calculated to be understood by the claimant:

- (1) Information sufficient to allow the claimant to identify the Claim involved (including date of service, the healthcare provider, and the claim amount, if applicable), and a statement that the diagnosis code and treatment code and their corresponding meanings will be provided to the claimant as soon as feasible upon request.
- (2) The specific reason or reasons for the adverse determination, including the denial code and its corresponding meaning, and a description of the Plan's standard, if any, that was used in denying the Claim. In the case of a Final Adverse Benefit Determination, the description must include a discussion of the decision.
- (3) Reference to the specific Plan provisions on which the determination was based.
- (4) A description of any additional material or information necessary for the claimant to perfect the Claim and an explanation of why such material or information is necessary.
- (5) A description of the Plan's internal and external Appeal procedures. This description will include information on how to initiate the Appeal and the time limits applicable to such procedures.
- (6) If the Adverse Benefit Determination was based on an internal rule, guideline, protocol, or other similar criterion, the specific rule, guideline, protocol, or criterion will be provided free of charge. If this is not practical, a statement will be included that such a rule, guideline, protocol, or criterion was relied upon in making the Adverse Benefit Determination and a copy will be provided free of charge to the claimant upon request.

- (7) If the Adverse Benefit Determination is based on the Medical Necessity or Experimental or Investigational treatment or similar exclusion or limit, an explanation of the scientific or clinical judgment for the determination, applying the terms of the Plan to the claimant's medical circumstances, will be provided. If this is not practical, a statement will be included that such explanation will be provided free of charge, upon request.
- (8) Information about the availability of and contact information for, any applicable office of health insurance consumer assistance or ombudsman established under applicable federal law to assist individuals with the internal claims and appeals and external review process.

Appeals

When a claimant receives notification of an Adverse Benefit Determination, the claimant generally has 180 days following receipt of the notification in which to file a written request for an Appeal of the decision. However, for Concurrent Care Claims, the Claimant must file the Appeal prior to the scheduled reduction or termination of treatment. For a claim based on rescission of coverage, the claimant must file the Appeal within 30 days. A claimant may submit written comments, documents, records, and other information relating to the Claim.

The Plan Administrator shall provide the claimant, as soon as possible and sufficiently in advance of the time within which a final determination on Appeal is required to allow the claimant time to respond, any new or additional evidence that is relied upon, considered or generated by or at the direction of the Plan. This evidence shall be provided free of charge.

A document, record, or other information shall be considered relevant to a Claim if it:

- (1) was relied upon in making the benefit determination;
- (2) was submitted, considered, or generated in the course of making the benefit determination, without regard to whether it was relied upon in making the benefit determination;
- (3) demonstrated compliance with the administrative processes and safeguards designed to ensure and to verify that benefit determinations are made in accordance with Plan documents and Plan provisions have been applied consistently with respect to all claimants; or
- (4) constituted a statement of policy or guidance with respect to the Plan concerning the denied treatment option or benefit.

The period of time within which a benefit determination on Appeal is required to be made shall begin at the time an Appeal is filed in writing in accordance with the procedures of the Plan. This timing is without regard to whether all the necessary information accompanies the filing.

Before the Plan Administrator issues its Final Adverse Benefit Determination based on a new or additional rationale, the claimant must be provided, free of charge, with a copy of the rationale. The rationale must be provided as soon as possible and sufficiently in advance of the time within which a final determination on Appeal is required to allow the claimant time to respond. If it is impossible under the circumstances to give the claimant a reasonable time to respond, the period for issuing the Final Adverse Benefit Determination will be delayed until the claimant has a reasonable opportunity to respond. After the claimant responds, or if the claimant fails to do so, the Plan Administrator will issue its Final Adverse Benefit Determination as soon as reasonably possible, taking into account the medical exigencies.

The review shall take into account all comments, documents, records, and other information submitted by the claimant relating to the Claim, without regard to whether such information was submitted or considered in the initial benefit determination. The review will not afford deference to the initial Adverse Benefit Determination and will be conducted by a fiduciary of the Plan who is neither the individual who made the adverse determination nor a subordinate of that individual.

If the determination was based on a medical judgment, including determinations with regard to whether a particular treatment, drug, or other item is Experimental, Investigational, or not Medically Necessary or appropriate, the fiduciary shall consult with a health care professional who was not involved in the original

benefit determination. This health care professional will have appropriate training and experience in the field of medicine involved in the medical judgment. Additionally, medical or vocational experts whose advice was obtained on behalf of the Plan in connection with the initial determination will be identified.

If the Appeal of a Claim is denied, in whole or in part, the Plan Administrator shall provide written notification of the Adverse Benefit Determination on Appeal. The notice will state, in a culturally and linguistically appropriate manner and in a manner calculated to be understood by the claimant:

- (1) Information sufficient to allow the claimant to identify the Claim involved (including date of service, the healthcare provider, and the claim amount, if applicable), and a statement that the diagnosis code and treatment code and their corresponding meanings will be provided to the claimant as soon as feasible upon request.
- (2) The specific reason or reasons for the adverse determination, including the denial code and its corresponding meaning, and a description of the Plan's standard, if any, that was used in denying the Claim.
- (3) Reference to the specific Plan provisions on which the determination was based.
- (4) A description of any additional material or information necessary for the claimant to perfect the Claim and an explanation of why such material or information is necessary.
- (5) A description of the Plan's internal and external review procedures and the time limits applicable to such procedures.
- (6) A statement that the claimant is entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the Claim.
- (7) If the Adverse Benefit Determination was based on an internal rule, guideline, protocol, or other similar criterion, the specific rule, guideline, protocol, or criterion will be provided free of charge. If this is not practical, a statement will be included that such a rule, guideline, protocol, or criterion was relied upon in making the Adverse Benefit Determination and a copy will be provided free of charge to the claimant upon request.
- (8) If the Adverse Benefit Determination is based on the Medical Necessity or Experimental or Investigational treatment or similar exclusion or limit, an explanation of the scientific or clinical judgment for the determination, applying the terms of the Plan to the claimant's medical circumstances, will be provided. If this is not practical, a statement will be included that such explanation will be provided free of charge, upon request.
- (9) Information about the availability of and contact information for, any applicable office of health insurance consumer assistance or ombudsman established under applicable federal law to assist individuals with the internal claims and appeals and external review process.

If the claimant disagrees with the Adverse Benefit Determination on Appeal, he or she may file a request for a second level of Appeal. This request must be made in writing within 180 days following receipt of the Adverse Benefit Determination on Appeal. The claimant may submit written comments, documents, records, and other information relating to the Claim. The second level of review will be conducted, and written notification of the decision, shall be made in accordance with all of the procedures that apply to the first level of review. If the Claim is denied in whole or in part after this second level of Appeal, the written notification describing the Adverse Benefit Determination is the Final Adverse Benefit Determination.

EXTERNAL REVIEW PROCESS

If a claimant receives a Final Adverse Benefit Determination under the Plan's internal Claims and Appeals Procedures, he or she may request that the Claim be reviewed under the Plan's External Review process. For requests made on or after September 20, 2011, the External Review process is available only where the Final Adverse Benefit Determination is denied on the basis of (1) a medical judgment (which includes but is not limited to, Plan requirements for medical necessity, appropriateness, health care setting, level of care, or

effectiveness of a covered benefit; eligibility for a reasonable alternative under a wellness program; or application of nonquantitative treatment limitations), (2) a determination that a treatment is experimental or investigational, or (3) a rescission of coverage. The request for External Review must be filed in writing within four (4) months after receipt of the Final Adverse Benefit Determination.

The Plan Administrator will determine within five days of receipt whether the Claim is eligible for review under the External Review process. This determination is based on the criteria described above and whether:

- (1) The claimant is or was covered under the Plan at the time the Claim was made or incurred;
- (2) The denial relates to the claimant's failure to meet the Plan's eligibility requirements;
- (3) The claimant has exhausted the Plan's internal Claims and Appeal Procedures; and
- (4) The claimant has provided all the information required to process an External Review.

Within one business day after completion of this preliminary review, the Plan Administrator will provide written notification to the claimant of whether the claim is eligible for External Review.

If the request for review is complete but not eligible for External Review, the Plan Administrator will notify the claimant of the reasons for its ineligibility. The notice will include contact information for the Employee Benefits Security Administration at its toll free number (866-444-3272).

If the request is not complete, the notice will describe the information needed to complete it. The claimant will have 48 hours or until the last day of the 4 month filing period, whichever is later, to submit the additional information.

If the request is eligible for the External Review process, the Plan will assign it to a qualified independent review organization ("IRO"). The IRO is responsible for notifying the claimant, in writing, that the request for External Review has been accepted. The notice should include a statement that the claimant may submit in writing, within 10 business days, additional information the IRO must consider when conducting the review. The IRO will share this information with the Plan. The Plan may consider this information and decide to reverse its denial of the Claim. If the denial is reversed, the External Review process will end.

If the Plan does not reverse the denial, the IRO will make its decision on the basis of its review of all of the information in the record, as well as additional information where appropriate and available, such as:

- (1) The claimant's medical records;
- (2) The attending health care professional's recommendation;
- (3) Reports from appropriate health care professionals and other documents submitted by the plan or issuer, claimant, or the claimant's treating provider;
- (4) The terms of the Plan;
- (5) Appropriate practice guidelines;
- (6) Any applicable clinical review criteria developed and used by the Plan; and
- (7) The opinion of the IRO's clinical reviewer.

The IRO must provide written notice to the Plan and the claimant of its final decision within 45 days after the IRO receives the request for the External Review. The IRO's decision notice must contain:

- (1) A general description of the reason for the External Review, including information sufficient to identify the claim;
- (2) The date the IRO received the assignment to conduct the review and the date of the IRO's decision;

- (3) References to the evidence or documentation the IRO considered in reaching its decision;
- (4) A discussion of the principal reason(s) for the IRO's decision;
- (5) A statement that the determination is binding and that judicial review may be available to the claimant; and
- (6) Contact information for any applicable office of health insurance consumer assistance or ombudsman established under the PPACA.

Generally, a claimant must exhaust the Plan's Claims and Procedures in order to be eligible for the External Review process. However, in some cases the Plan provides for an expedited External Review if:

- (1) The claimant receives an Adverse Benefit Determination that involves a medical condition for which the time for completion of the Plan's internal Claims and Appeal Procedures would seriously jeopardize the claimant's life or health or ability to regain maximum function and the claimant has filed a request for an expedited internal review; or
- (2) The claimant receives a Final Adverse Benefit Determination that involves a medical condition where the time for completion of a standard External Review process would seriously jeopardize the claimant's life or health or the claimant's ability to regain maximum function, or if the Final Adverse Benefit Determination concerns an admission, availability of care, continued stay, or health care item or service for which the claimant received emergency services, but has not been discharged from a facility.

Immediately upon receipt of a request for expedited External Review, the Plan must determine and notify the claimant whether the request satisfies the requirements for expedited review, including the eligibility requirements for External Review listed above. If the request qualifies for expedited review, it will be assigned to an IRO. The IRO must make its determination and provide a notice of the decision as expeditiously as the claimant's medical condition or circumstances require, but in no event more than 72 hours after the IRO receives the request for an expedited External Review. If the original notice of its decision is not in writing, the IRO must provide written confirmation of the decision within 48 hours to both the claimant and the Plan.

COORDINATION OF BENEFITS

Coordination of the benefit plans. Coordination of benefits sets out rules for the order of payment of Covered Charges when two or more plans -- including Medicare -- are paying. When a Covered Person is covered by this Plan and another plan, or the Covered Person's Spouse is covered by this Plan and by another plan or the couple's Covered children are covered under two or more plans, the plans will coordinate benefits when a claim is received.

The plan that pays first according to the rules will pay as if there were no other plan involved. The secondary and subsequent plans will pay the balance due up to 100% of the total Allowable Charges.

Benefit plan. This provision will coordinate the medical and dental benefits of a benefit plan. The term benefit plan means this Plan or any one of the following plans:

- (1) Individual, group or group-type plans, including franchise or blanket benefit plans.
- (2) Blue Cross and Blue Shield group plans.
- (3) Group practice and other group prepayment plans.
- (4) Federal government plans or programs. This includes, but is not limited to, Medicare and Tricare.
- (5) Other plans required or provided by law. This does not include Medicaid or any benefit plan like it that, by its terms, does not allow coordination.
- (6) No Fault Auto Insurance, by whatever name it is called, when not prohibited by law.

Allowable Charge. For a charge to be allowable it must be a Usual and Reasonable Charge and at least part of it must be covered under this Plan.

In the case of HMO (Health Maintenance Organization) or other in-network only plans: This Plan will not consider any charges in excess of what an HMO or network provider has agreed to accept as payment in full. Also, when an HMO or network plan is primary and the Covered Person does not use an HMO or network provider, this Plan will not consider as an Allowable Charge any charge that would have been covered by the HMO or network plan had the Covered Person used the services of an HMO or network provider.

Benefit plan payment order. When two or more plans provide benefits for the same Allowable Charge, benefit payment will follow these rules:

- (1) Plans that do not have a coordination provision, or one like it, will pay first. Plans with such a provision will be considered after those without one.
- (2) Plans with a coordination provision will pay their benefits up to the Allowable Charge:
 - (a) The benefits of the plan which covers the person directly (that is, as an employee, member or subscriber) ("Plan A") are determined before those of the plan which covers the person as a dependent ("Plan B").
 - (b) The benefits of a benefit plan which covers a person as an Employee who is neither laid off nor retired are determined before those of a benefit plan which covers that person as a laid-off or Retired Employee. The benefits of a benefit plan which covers a person as a Dependent of an Employee who is neither laid off nor retired are determined before those of a benefit plan which covers a person as a Dependent of a laid off or Retired Employee. If the other benefit plan does not have this rule, and if, as a result, the plans do not agree on the order of benefits, this rule does not apply.
 - (c) The benefits of a benefit plan which covers a person as an Employee who is neither laid off nor retired or a Dependent of an Employee who is neither laid off nor retired are determined before those of a plan which covers the person as a COBRA beneficiary.

- (d) When a child is covered as a Dependent and the parents are not separated or divorced, these rules will apply:
 - (i) The benefits of the benefit plan of the parent whose birthday falls earlier in a year are determined before those of the benefit plan of the parent whose birthday falls later in that year;
 - (ii) If both parents have the same birthday, the benefits of the benefit plan which has covered the parent for the longer time are determined before those of the benefit plan which covers the other parent.
- (e) When a child's parents are divorced or legally separated, these rules will apply:
 - (i) This rule applies when the parent with custody of the child has not remarried. The benefit plan of the parent with custody will be considered before the benefit plan of the parent without custody.
 - (ii) This rule applies when the parent with custody of the child has remarried. The benefit plan of the parent with custody will be considered first. The benefit plan of the stepparent that covers the child as a Dependent will be considered next. The benefit plan of the parent without custody will be considered last.
 - (iii) This rule will be in place of items (i) and (ii) above when it applies. A court decree may state which parent is financially responsible for medical and dental benefits of the child. In this case, the benefit plan of that parent will be considered before other plans that cover the child as a Dependent.
 - (iv) If the specific terms of the court decree state that the parents shall share joint custody, without stating that one of the parents is responsible for the health care expenses of the child, the plans covering the child shall follow the order of benefit determination rules outlined above when a child is covered as a Dependent and the parents are not separated or divorced.
 - (v) For parents who were never married to each other, the rules apply as set out above as long as paternity has been established.
- (f) If there is still a conflict after these rules have been applied, the benefit plan which has covered the patient for the longer time will be considered first. This includes situations in which a person who is covered as a dependent child under one benefit plan is also covered as a dependent spouse under another benefit plan. When there is a conflict in coordination of benefit rules, the Plan will never pay more than 50% of Allowable Charges when paying secondary.
- (3) If a Plan Participant is under a disability extension from a previous benefit plan, that benefit plan will pay first and this Plan will pay second.
- (4) The Plan will pay primary to Tricare and a State child health plan to the extent required by federal law.

Claims determination period. Benefits will be coordinated on a Year basis. This is called the claims determination period.

Right to receive or release necessary information. To make this provision work, this Plan may give or obtain needed information from another insurer or any other organization or person. This information may be given or obtained without the consent of or notice to any other person. A Covered Person will give this Plan the information it asks for about other plans and their payment of Allowable Charges.

Facility of payment. This Plan may repay other plans for benefits paid that the Plan Administrator determines it should have paid. That repayment will count as a valid payment under this Plan.

Right of recovery. This Plan may pay benefits that should be paid by another benefit plan. In this case this Plan may recover the amount paid from the other benefit plan or the Covered Person. That repayment will count as a valid payment under the other benefit plan.

Further, this Plan may pay benefits that are later found to be greater than the Allowable Charge. In this case, this Plan may recover the amount of the overpayment from the source to which it was paid.

THIRD PARTY RECOVERY PROVISION

RIGHT OF SUBROGATION AND REFUND

When this provision applies. The Covered Person may incur medical or dental charges due to Injuries which may be caused by the act or omission of a Third Party or a Third Party may be responsible for payment. In such circumstances, the Covered Person may have a claim against that Third Party, or insurer, for payment of the medical or dental charges. Accepting benefits under this Plan for those incurred medical or dental expenses automatically assigns to the Plan any rights the Covered Person may have to Recover payments from any Third Party or insurer, including but not limited to the Covered Person's insurer. This Subrogation right allows the Plan to pursue any claim which the Covered Person has against any Third Party, or insurer, whether or not the Covered Person chooses to pursue that claim. The Plan may make a claim directly against the Third Party or insurer, but in any event, the Plan has a lien on any amount Recovered by the Covered Person whether or not designated as payment for medical expenses. This lien shall remain in effect until the Plan is repaid in full.

The payment for benefits received by a Covered Person under the Plan shall be made in accordance with the assignment of rights by or on behalf of the Covered Person as required by Medicaid.

In any case in which the Plan has a legal liability to make payments for benefits received by a Covered Person, to the extent that payment has been made through Medicaid, the payment for benefits under the Plan shall be made in accordance with any state law that has provided that the state has acquired the rights of the Covered Person to the payments of those benefits.

The Covered Person:

- (1) automatically assigns to the Plan his or her rights against any Third Party or insurer when this provision applies; and
- (2) must repay to the Plan the benefits paid on his or her behalf out of the Recovery made from the Third Party or insurer.

Amount subject to Subrogation or Refund. The Covered Person agrees to recognize the Plan's right to Subrogation and reimbursement. These rights provide the Plan with a 100%, first dollar priority over any and all Recoveries and funds paid by a Third Party to a Covered Person relative to the Injury or Sickness, including a priority over any claim for non-medical or dental charges, attorney fees, or other costs and expenses. This provision expressly abrogates the "make whole" and "common fund" doctrines and similar defenses to the Plan's claims. Accepting benefits under this Plan for those incurred medical or dental expenses automatically assigns to the Plan any and all rights the Covered Person may have to recover payments from any responsible third party. Further, accepting benefits under this Plan for those incurred medical or dental expenses automatically assigns to the Plan the Covered Person's Third Party Claims.

Notwithstanding its priority to funds, the Plan's Subrogation and Refund rights, as well as the rights assigned to it, are limited to the extent to which the Plan has made, or will make, payments for medical or dental charges as well as any costs and fees associated with the enforcement of its rights under the Plan. The Plan reserves the right to be reimbursed for its court costs and attorneys' fees if the Plan needs to file suit in order to Recover payment for medical or dental expenses from the Covered Person. Also, the Plan's right to Subrogation still applies if the Recovery received by the Covered Person is less than the claimed damage, and, as a result, the claimant is not made whole.

When a right of Recovery exists, the Covered Person will execute and deliver all required instruments and papers as well as doing whatever else is needed to secure the Plan's right of Subrogation as a condition to having the Plan make payments. In addition, the Covered Person will do nothing to prejudice the right of the Plan to Subrogate.

Conditions Precedent to Coverage. The Plan shall have no obligation whatsoever to pay medical or dental benefits to a Covered Person if a Covered Person refuses to cooperate with the Plan's reimbursement and Subrogation rights or refuses to execute and deliver such papers as the Plan may require in furtherance of its reimbursement and Subrogation rights. Further, in the event the Covered Person is a minor, the Plan shall have no obligation to pay any medical or dental benefits incurred on account of Injury or Sickness caused by a

responsible Third Party until after the Covered Person or his authorized legal representative obtains valid court recognition and approval of the Plan's 100%, first dollar reimbursement and Subrogation rights on all Recoveries, as well as approval for the execution of any papers necessary for the enforcement thereof, as described herein.

Defined terms: "Covered Person" means anyone covered under the Plan, including minor dependents.

"Recover," "Recovered," "Recovery" or "Recoveries" means all monies paid to the Covered Person or his designee by way of judgment, settlement, or otherwise to compensate for all losses caused by the Injury or Sickness, whether or not said losses reflect medical or dental charges covered by the Plan. "Recoveries" further includes, but is not limited to, recoveries for medical or dental expenses, attorneys' fees, costs and expenses, pain and suffering, loss of consortium, wrongful death, lost wages and any other recovery of any form of damages or compensation whatsoever.

"Refund" means repayment to the Plan for medical or dental benefits that it has paid toward care and treatment of the Injury or Sickness.

"Subrogation" means the Plan's right to pursue and place a lien upon the Covered Person's claims for medical or dental charges against the other person.

"Third Party" means any Third Party including another person or a business entity.

Recovery from another plan under which the Covered Person is covered. This right of Refund also applies when a Covered Person Recovers under an uninsured or underinsured motorist plan (which will be treated as Third Party coverage when reimbursement or Subrogation is in order), homeowner's plan, renter's plan, medical malpractice plan or any liability plan.

Rights of Plan Administrator. The Plan Administrator has a right to request reports on and approve of all settlements.

CONTINUATION COVERAGE RIGHTS UNDER COBRA

Under federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), certain Employees and their families covered under Durham Technical Community College Dental Benefits Plan (the Plan) will be entitled to the opportunity to elect a temporary extension of health coverage (called "COBRA continuation coverage") where coverage under the Plan would otherwise end. This notice is intended to inform Plan Participants and beneficiaries, in summary fashion, of their rights and obligations under the continuation coverage provisions of COBRA, as amended and reflected in final and proposed regulations published by the Department of the Treasury. This notice is intended to reflect the law and does not grant or take away any rights under the law.

COBRA continuation coverage under the Plan is administered by the COBRA Administrator. The COBRA Administrator is Durham Technical Community College, 1637 E Lawson St, Durham, NC 27703, (919) 536-7200. Complete instructions on COBRA, as well as election forms and other information, will be provided by the COBRA Administrator to Plan Participants who become Qualified Beneficiaries under COBRA.

There may be other options available when you lose group health coverage. For example, you may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Marketplace, you may qualify for lower costs on your monthly premiums and lower out-of-pocket costs. Additionally, you may qualify for a 30-day special enrollment period for another group health plan for which you are eligible (such as a spouse's plan), even if that plan generally doesn't accept late enrollees.

What is COBRA continuation coverage? COBRA continuation coverage is the temporary extension of group health plan coverage that must be offered to certain Plan Participants and their eligible family members (called "Qualified Beneficiaries") at group rates. The right to COBRA continuation coverage is triggered by the occurrence of a life event that results in the loss of coverage under the terms of the Plan (the "Qualifying Event"). The coverage must be identical to the Plan coverage that the Qualified Beneficiary had immediately before the Qualifying Event, or if the coverage has been changed, the coverage must be identical to the coverage provided to similarly situated active employees who have not experienced a Qualifying Event (in other words, similarly situated non-COBRA beneficiaries).

Who can become a Qualified Beneficiary? In general, a Qualified Beneficiary can be:

- (1) Any individual who, on the day before a Qualifying Event, is covered under a Plan by virtue of being on that day either a covered Employee, the Spouse of a covered Employee, or a Dependent child of a covered Employee. If, however, an individual who otherwise qualifies as a Qualified Beneficiary is denied or not offered coverage under the Plan under circumstances in which the denial or failure to offer constitutes a violation of applicable law, then the individual will be considered to have had the Plan coverage and will be considered a Qualified Beneficiary if that individual experiences a Qualifying Event.
- (2) Any child who is born to or placed for adoption with a covered Employee during a period of COBRA continuation coverage, and any individual who is covered by the Plan as an alternate recipient under a qualified medical support order. If, however, an individual who otherwise qualifies as a Qualified Beneficiary is denied or not offered coverage under the Plan under circumstances in which the denial or failure to offer constitutes a violation of applicable law, then the individual will be considered to have had the Plan coverage and will be considered a Qualified Beneficiary if that individual experiences a Qualifying Event.

The term "covered Employee" includes any individual who is provided coverage under the Plan due to his or her performance of services for the employer sponsoring the Plan (e.g., common-law employees (full or part-time), self-employed individuals, independent contractor, or corporate director). However, this provision does not establish eligibility of these individuals. Eligibility for Plan Coverage shall be determined in accordance with Plan Eligibility provisions.

An individual is not a Qualified Beneficiary if the individual's status as a covered Employee is attributable to a period in which the individual was a nonresident alien who received from the individual's Employer no earned income that constituted income from sources within the United States. If, on account of the preceding reason,

an individual is not a Qualified Beneficiary, then a Spouse or Dependent child of the individual will also not be considered a Qualified Beneficiary by virtue of the relationship to the individual.

Federal law does not recognize a Domestic Partner or his or her children as Qualified Beneficiaries. However, the Plan will treat a Domestic Partner and his or her Children or Qualified Dependents as Qualified Beneficiaries if they are covered under the Plan on the day before a Qualifying Event. For purposes of interpreting this Section, the Domestic Partner will be treated as the Spouse of the Employee, and a divorce will be deemed to have occurred on the first date that one or more of the eligibility requirements for a Domestic Partner ceases to be met. This gives the Domestic Partner, Children and Qualified Dependents the contractual rights outlined in this Section but does not extend statutory remedies to them. This provision does not apply to same sex spouses who are legally married. Same sex spouses who are covered under the Plan are Qualified Beneficiaries if they are covered under the Plan on the day before the Qualifying Event.

Each Qualified Beneficiary (including a child who is born to or placed for adoption with a covered Employee during a period of COBRA continuation coverage) must be offered the opportunity to make an independent election to receive COBRA continuation coverage.

What is a Qualifying Event? A Qualifying Event is any of the following if the Plan provided that the Plan participant would lose coverage (i.e.: cease to be covered under the same terms and conditions as in effect immediately before the Qualifying Event) in the absence of COBRA continuation coverage:

- (1) The death of a covered Employee.
- (2) The termination (other than by reason of the Employee's gross misconduct), or reduction of hours, of a covered Employee's employment.
- (3) The divorce or legal separation of a covered Employee from the Employee's Spouse. If the Employee reduces or eliminates the Employee's Spouse's Plan coverage in anticipation of a divorce or legal separation, and a divorce or legal separation later occurs, then the divorce or legal separation may be considered a Qualifying Event even though the Spouse's coverage was reduced or eliminated before the divorce or legal separation.
- (4) A covered Employee's enrollment in any part of the Medicare program.
- (5) A Dependent child's ceasing to satisfy the Plan's requirements for a Dependent child (for example, attainment of the maximum age for dependency under the Plan).

If the Qualifying Event causes the covered Employee, or the covered Spouse or a Dependent child of the covered Employee, to cease to be covered under the Plan under the same terms and conditions as in effect immediately before the Qualifying Event, the persons losing such coverage become Qualified Beneficiaries under COBRA if all the other conditions of COBRA are also met. For example, any increase in contribution that must be paid by a covered Employee, or the Spouse, or a Dependent child of the covered Employee, for coverage under the Plan that results from the occurrence of one of the events listed above is a loss of coverage.

The taking of leave under the Family and Medical Leave Act of 1993, as amended ("FMLA") does not constitute a Qualifying Event. A Qualifying Event will occur, however, if an Employee does not return to employment at the end of the FMLA leave and all other COBRA continuation coverage conditions are present. If a Qualifying Event occurs, it occurs on the last day of FMLA leave and the applicable maximum coverage period is measured from this date (unless coverage is lost at a later date and the Plan provides for the extension of the required periods, in which case the maximum coverage date is measured from the date when the coverage is lost.) Note that the covered Employee and family members will be entitled to COBRA continuation coverage even if they failed to pay the employee portion of premiums for coverage under the Plan during the FMLA leave.

What factors should be considered when determining to elect COBRA continuation coverage? When considering options for health coverage, Qualified Beneficiaries should consider:

- **Premiums:** This plan can charge up to 102% of total plan premiums for COBRA coverage. Other options, like coverage on a spouse's plan or through the Marketplace, may be less expensive. Qualified

Beneficiaries have special enrollment rights under federal law (HIPAA). They have the right to request special enrollment in another group health plan for which they are otherwise eligible (such as a plan sponsored by a spouse's employer) within 30 days after Plan coverage ends due to one of the Qualifying Events listed above.

- **Provider Networks:** If a Qualified Beneficiary is currently getting care or treatment for a condition, a change in health coverage may affect access to a particular health care provider. You may want to check to see if your current health care providers participate in a network in considering options for health coverage.
- **Drug Formularies:** For Qualified Beneficiaries taking medication, a change in health coverage may affect costs for medication - and in some cases, the medication may not be covered by another plan. Qualified beneficiaries should check to see if current medications are listed in drug formularies for other health coverage.
- **Severance payments:** If COBRA rights arise because the Employee has lost his job and there is a severance package available from the employer, the former employer may have offered to pay some or all of the Employee's COBRA payments for a period of time. This can affect the timing of coverage available in the Marketplace. In this scenario, the Employee may want to contact the Department of Labor at 1-866-444-3272 to discuss options.
- **Medicare Eligibility:** You should be aware of how COBRA coverage coordinates with Medicare eligibility. If you are eligible for Medicare at the time of the Qualifying Event, or if you will become eligible soon after the Qualifying Event, you should know that you have 8 months to enroll in Medicare after your employment -related health coverage ends. Electing COBRA coverage does not extend this 8-month period. For more information, see medicare.gov/sign-up-change-plan.
- **Service Areas:** If benefits under the Plan are limited to specific service or coverage areas, benefits may not be available to a Qualified Beneficiary who moves out of the area.
- **Other Cost-Sharing:** In addition to premiums or contributions for health coverage, the Plan requires participants to pay copayments, deductibles, coinsurance, or other amounts as benefits are used. Qualified beneficiaries should check to see what the cost-sharing requirements are for other health coverage options. For example, one option may have much lower monthly premiums, but a much higher deductible and higher copayments.

Are there other coverage options besides COBRA Continuation Coverage? Yes. Instead of enrolling in COBRA continuation coverage, there may be other coverage options for Qualified Beneficiaries through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as a spouse's plan) through what is called a "special enrollment period." Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at www.healthcare.gov.

What is the procedure for obtaining COBRA continuation coverage? The Plan has conditioned the availability of COBRA continuation coverage upon the timely election of such coverage. An election is timely if it is made during the election period.

What is the election period and how long must it last? The election period is the time period within which the Qualified Beneficiary must elect COBRA continuation coverage under the Plan. The election period must begin no later than the date the Qualified Beneficiary would lose coverage on account of the Qualifying Event and ends 60 days after the later of the date the Qualified Beneficiary would lose coverage on account of the Qualifying Event or the date notice is provided to the Qualified Beneficiary of her or his right to elect COBRA continuation coverage. If coverage is not elected within the 60 day period, all rights to elect COBRA continuation coverage are forfeited.

Note: If a covered Employee who has been terminated or experienced a reduction of hours qualifies for a trade readjustment allowance or alternative trade adjustment assistance under a federal law called the Trade Act of 2002, as extended by the Trade Preferences Extension Act of 2015, and the Employee and his or her covered Dependents have not elected COBRA coverage within the normal election period, a second opportunity to elect

COBRA coverage will be made available for themselves and certain family members, but only within a limited period of 60 days or less and only during the six months immediately after their group health plan coverage ended. Any person who qualifies or thinks that he and/or his family members may qualify for assistance under this special provision should contact the Plan Administrator for further information about the special second election period. If continuation coverage is elected under this extension, it will not become effective prior to the beginning of this special second election period.

Is a covered Employee or Qualified Beneficiary responsible for informing the Plan Administrator of the occurrence of a Qualifying Event? The Plan will offer COBRA continuation coverage to Qualified Beneficiaries only after the Plan Administrator has been timely notified that a Qualifying Event has occurred. The employer (if the employer is not the Plan Administrator) will notify the Plan Administrator of the Qualifying Event within 30 days following the date coverage ends when the Qualifying Event is:

- (1) the end of employment or reduction of hours of employment,
- (2) death of the Employee,
- (3) commencement of a proceeding in bankruptcy with respect to the employer, or
- (4) entitlement of the employee to any part of Medicare.

IMPORTANT:

For the other Qualifying Events (divorce, termination of domestic partnership or legal separation of the Employee and Spouse or a Dependent child's losing eligibility for coverage as a Dependent child), you or someone on your behalf must notify the COBRA Administrator at 1637 E Lawson St, Durham, NC 27703, (919) 536-7200, within 60 days after the Qualifying Event occurs, using the procedures specified below. If these procedures are not followed or if the notice is not provided in writing to the Plan Administrator or its designee during the 60-day notice period, any Spouse or Dependent child who loses coverage will not be offered the option to elect continuation coverage.

NOTICE PROCEDURES:

Any notice that you provide must be ***in writing***. Oral notice, including notice by telephone, is not acceptable. You must mail, fax or hand-deliver your notice to the person listed at the address shown above.

If mailed, your notice must be postmarked no later than the last day of the required notice period. Any notice you provide must state:

- the **name of the plan or plans** under which you lost or are losing coverage,
- the **name and address of the Employee** covered under the plan,
- the **name(s) and address(es) of the Qualified Beneficiary(ies)**, and
- the **Qualifying Event** and the **date** it happened.

If the Qualifying Event is a **divorce or legal separation**, your notice must include a **copy of the divorce decree or the legal separation agreement**.

Be aware that there are other notice requirements in other contexts, for example, in order to qualify for a disability extension.

Once the COBRA Administrator receives ***timely notice*** that a Qualifying Event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each Qualified Beneficiary will have an independent right to elect COBRA continuation coverage. Covered Employees may elect COBRA continuation coverage for their Spouses, and parents may elect COBRA continuation coverage on behalf of their children. For each Qualified Beneficiary who elects COBRA continuation coverage, COBRA continuation coverage will begin on the date that plan coverage would otherwise have been lost. If you or your Spouse or

Dependent children do not elect continuation coverage within the 60-day election period described above, the right to elect continuation coverage will be lost.

Is a waiver before the end of the election period effective to end a Qualified Beneficiary's election rights? If, during the election period, a Qualified Beneficiary waives COBRA continuation coverage, the waiver can be revoked at any time before the end of the election period. Revocation of the waiver is an election of COBRA continuation coverage. However, if a waiver is later revoked, coverage need not be provided retroactively (that is, from the date of the loss of coverage until the waiver is revoked). Waivers and revocations of waivers are considered made on the date they are sent to the COBRA Administrator.

Is COBRA coverage available if a Qualified Beneficiary has other group health plan coverage or Medicare? Qualified beneficiaries who are entitled to elect COBRA continuation coverage may do so even if they are covered under another group health plan or are entitled to Medicare benefits on or before the date on which COBRA is elected. However, a Qualified Beneficiary's COBRA coverage will terminate automatically if, after electing COBRA, he or she becomes entitled to Medicare or becomes covered under other group health plan coverage (but only after any applicable preexisting condition exclusions of that other plan have been exhausted or satisfied).

When may a Qualified Beneficiary's COBRA continuation coverage be terminated? During the election period, a Qualified Beneficiary may waive COBRA continuation coverage. Except for an interruption of coverage in connection with a waiver, COBRA continuation coverage that has been elected for a Qualified Beneficiary must extend for at least the period beginning on the date of the Qualifying Event and ending not before the earliest of the following dates:

- (1) The last day of the applicable maximum coverage period.
- (2) The first day for which Timely Payment is not made to the Plan with respect to the Qualified Beneficiary.
- (3) The date upon which the Employer ceases to provide any group health plan (including a successor plan) to any employee.
- (4) The date, after the date of the election, that the Qualified Beneficiary first becomes covered under any other Plan that does not contain any exclusion or limitation with respect to any pre-existing condition, other than such an exclusion or limitation that does not apply to, or is satisfied by, the Qualified Beneficiary.
- (5) In the case of a Qualified Beneficiary entitled to a disability extension, the later of:
 - (a) (i) 29 months after the date of the Qualifying Event, or (ii) the first day of the month that is more than 30 days after the date of a final determination under Title II or XVI of the Social Security Act that the disabled Qualified Beneficiary whose disability resulted in the Qualified Beneficiary's entitlement to the disability extension is no longer disabled, whichever is earlier; or
 - (b) the end of the maximum coverage period that applies to the Qualified Beneficiary without regard to the disability extension.

The Plan can terminate for cause the coverage of a Qualified Beneficiary on the same basis that the Plan terminates for cause the coverage of similarly situated non-COBRA beneficiaries, for example, for the submission of a fraudulent claim.

In the case of an individual who is not a Qualified Beneficiary and who is receiving coverage under the Plan solely because of the individual's relationship to a Qualified Beneficiary, if the Plan's obligation to make COBRA continuation coverage available to the Qualified Beneficiary ceases, the Plan is not obligated to make coverage available to the individual who is not a Qualified Beneficiary.

What are the maximum coverage periods for COBRA continuation coverage? The maximum coverage periods are based on the type of the Qualifying Event and the status of the Qualified Beneficiary, as shown below:

- (1) In the case of a Qualifying Event that is a termination of employment or reduction of hours of employment, the maximum coverage period ends 18 months after the Qualifying Event if there is not a disability extension and 29 months after the Qualifying Event if there is a disability extension.
- (2) In the case of a covered Employee's enrollment in the Medicare program before experiencing a Qualifying Event that is a termination of employment or reduction of hours of employment, the maximum coverage period for Qualified Beneficiaries ends on the later of:
 - (a) 36 months after the date the covered Employee becomes enrolled in the Medicare program. This extension does not apply to the covered Employee; or
 - (b) 18 months (or 29 months, if there is a disability extension) after the date of the covered Employee's termination of employment or reduction of hours of employment.
- (3) In the case of a Qualified Beneficiary who is a child born to or placed for adoption with a covered Employee during a period of COBRA continuation coverage, the maximum coverage period is the maximum coverage period applicable to the Qualifying Event giving rise to the period of COBRA continuation coverage during which the child was born or placed for adoption.
- (4) In the case of any other Qualifying Event than that described above, the maximum coverage period ends 36 months after the Qualifying Event.

Under what circumstances can the maximum coverage period be expanded? If a Qualifying Event that gives rise to an 18-month or 29-month maximum coverage period is followed, within that 18- or 29-month period, by a second Qualifying Event that gives rise to a 36-months maximum coverage period, the original period is expanded to 36 months, but only for individuals who are Qualified Beneficiaries at the time of and with respect to both Qualifying Events. In no circumstance can the COBRA maximum coverage period be expanded to more than 36 months after the date of the first Qualifying Event. The Plan Administrator must be notified of the second Qualifying Event within 60 days of the second Qualifying Event. This notice must be sent to **COBRA Administrator at 1637 E Lawson St, Durham, NC 27703, (919) 536-7200** in accordance with the procedures above.

How does a Qualified Beneficiary become entitled to a disability extension? A disability extension will be granted if an individual (whether or not the covered Employee) who is a Qualified Beneficiary in connection with the Qualifying Event that is a termination or reduction of hours of a covered Employee's employment, is determined under Title II or XVI of the Social Security Act to have been disabled at any time during the first 60 days of COBRA continuation coverage. To qualify for the disability extension, the Qualified Beneficiary must also provide the Plan Administrator with notice of the disability determination on a date that is both within 60 days after the date of the determination and before the end of the original 18-month maximum coverage. This notice should be sent to **COBRA Administrator at 1637 E Lawson St, Durham, NC 27703, (919) 536-7200** in accordance with the procedures above.

Does the Plan require payment for COBRA continuation coverage? For any period of COBRA continuation coverage under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage. Qualified beneficiaries will pay up to 102% of the applicable premium and up to 150% of the applicable premium for any expanded period of COBRA continuation coverage covering a disabled Qualified Beneficiary due to a disability extension. The Plan will terminate a Qualified Beneficiary's COBRA continuation coverage as of the first day of any period for which Timely Payment is not made.

Must the Plan allow payment for COBRA continuation coverage to be made in monthly installments? Yes. The Plan is also permitted to allow for payment at other intervals.

What is Timely Payment for payment for COBRA continuation coverage? Timely Payment means a payment made no later than 30 days after the first day of the coverage period. Payment that is made to the Plan by a later date is also considered Timely Payment if either under the terms of the Plan, covered employees or

Qualified Beneficiaries are allowed until that later date to pay for their coverage for the period or under the terms of an arrangement between the Employer and the entity that provides Plan benefits on the Employer's behalf, the Employer is allowed until that later date to pay for coverage of similarly situated non-COBRA beneficiaries for the period.

Notwithstanding the above paragraph, the Plan does not require payment for any period of COBRA continuation coverage for a Qualified Beneficiary earlier than 45 days after the date on which the election of COBRA continuation coverage is made for that Qualified Beneficiary. Payment is considered made on the date on which it is postmarked to the Plan.

If Timely Payment is made to the Plan in an amount that is not significantly less than the amount the Plan requires to be paid for a period of coverage, then the amount paid will be deemed to satisfy the Plan's requirement for the amount to be paid, unless the Plan notifies the Qualified Beneficiary of the amount of the deficiency and grants a reasonable period of time for payment of the deficiency to be made. A "reasonable period of time" is 30 days after the notice is provided. A shortfall in a Timely Payment is not significant if it is no greater than the lesser of \$50 or 10% of the required amount.
